BhattBrijesh

PROFESSIONAL SUMMARY

MERN Stack Developer with 2.8+ years of experience, currently working at MethodHub. Skilled in building scalable web applications using Javascript, Typescript, React.js, Next.js, Node.js, Express.js, MongoDB, and MySQL. Experienced in REST API development, database design, and frontend-backend integration, with strong problem-solving and debugging skills. Proven ability to deliver end-to-end solutions in real-world, collaborative environments.

PROFESSIONAL EXPERIENCE

Full Stack Developer - MethodHub, Mohali

Oct 2023 – Present

- Built **3 full-stack portals** (Consumer, Dealer, Admin) using React.js, Node.js, and MySQL, reducing dealer onboarding time by **30%**.
- Designed responsive, scalable front-end interfaces in React.js with performance optimization, improving page load efficiency and user experience.
- Designed **15+ MySQL stored procedures** and optimized slow queries, cutting API response time from 800ms to 200ms.
- Managed multi-environment configuration (dev/UAT/prod) with environment-specific **CORS**, security headers via Helmet.js, and modular architecture best practices.

PROJECTS

Onpoint Warranty | Live Demo

React.js, TypeScript, Node.js, Express.js, MySQL

- Contributed to the OnPoint Warranty platform, developing Consumer, Dealer, Admin, and Servicer portals ensuring smooth functionality across all user roles.
- Built and maintained the system using a microservices-based architecture with React.js for the frontend and Node.js for the backend, utilizing MySQL for efficient data management.

Omastro Solutions | Live Demo

React.js, Node.js, Express.js, MongoDB

- Developed an astrologer platform enabling users to connect and message astrologers, with features including a Hindu calendar and rituals section.
- Built the application using React.js, React Query, and Node.js with Express.js, including backend logic and stored procedures for efficient data handling.
- Improved client accessibility and engagement through seamless online interactions, expanding OmAstro's reach and user connectivity.

TECHNICAL SKILLS

- Frontend:** HTML5, CSS3, Tailwind CSS, Bootstrap, Next.js, React.js, Redux, TanStack Query (React Query)
- Backend:** Typescript, Node.js, Express.js, REST API Development, Authentication & Authorization (JWT), Firebase
- Databases:** MySQL, MongoDB
- UI & Forms:** Material UI, React-Bootstrap, React Hooks Form, Formik
- Dev Tools:** Git, GitHub, GitLab, Postman, React DevTools
- Cloud & Deployment:** AWS, Vercel

ACTIVITIES & INTERESTS

Activities & Interests

- Problem-solving and debugging skills.
- Actively enhancing backend and full-stack development expertise.
- Experienced working in agile, collaborative development environments.
- Collaborated within a 20-member cross-functional agile team, coordinating between frontend, backend, and QA to deliver features on schedule.

EDUCATION

GGD SD College <i>Master of Science (Information Technology)</i>	2021 – 2023
GGD SD College <i>Bachelor of Science (Information Technology)</i>	2018 – 2021
